SUPERVISORS IN REGULAR SESSION

The members of the board of supervisors, accompanied by the Rev. Walter H. Cambridge and Horace Nelson, of the advisory board, Captain Wood C. Baker and Dr. A. L. Oldfield, the acting county physician, visited the O'Grady property at Beresford Monday afternoon and picked out a site of twenty acres for the new county hospital. The price to be paid for the land is \$1000 an acre.

The board of supervisors met in regular session Monday, March 17, at 10 a. m., there being present John MacLean, president, W. H. Hickey, W. H. Brown, Jos. M. Francis and Dr. C. W. Thompson.

The board decided to take up first the question of the selection of a site for the new county hospital. Rev. Walter Cambridge of Burlingame and Horace Nelson, two of the three members of the advisory committee appointed by the supervisors to assist in the selection of the site, were present at the meeting. W. H. Coffinberry, the third member being unable to be present.

Rev. Cambridge reported that the advisory committee had a meeting last week and discussed the matter. He said the committee was not ready to make a report until it was definitely known whether the supervisors intended divorcing the hospital from the county farm or keeping the two institutions together.

Chairman MacLean, speaking for himself, stated that he did not want the county farm and hospital separated, whether they are to be on the same ground or not.

Supervisor Brown said that the trend of opinion seemed to be in favor of a new site for the hospital. The main question is water, he stated, and of all the sites offered in different parts of the county only one seemed to have a sufficient supply of water. The board would be in a better position to act in the matter, he thought, as soon as the county engineer had submitted his report on the probable cost of bringing water to the present site of the farm from the lakes of the Spring Valley Company.

County Engineer Kneese thereupon submitted his report showing that

the approximate cost of installing two miles of pipe from the lake to the farm, the construction of a pumping plant and the building of a reservoir on the farm property to house 75,000 gallons of water, would be \$22,000.

He estimated the annual cost for purchasing a sufficient supply of water from the Spring Valley Company at \$850 a year.

Kneese addressed the board and stated that after he had discovered that the Spring Valley Company had a four-inch main laid along the road for a distance of 2000 feet that could be used in connection with the piping of the water and which would reduce the total cost about \$2,000.

On motion of Brown, seconded by Hickey, the report of the county engineer was accepted and the latter was instructed to prepare plans and specifications for the above work.

Supervisor Thompson expressed his opinion that there was plenty of room at the present site of the county farm for the new hospital. He believed that the two institutions should be kept separate.

Dr. Wood C. Baker, head physician at the county hospital, who was present at the meeting, addressed the board and stated that there were several things to be considered in the building of a new hospital. In the first place, he said, there are a large number of persons in the county in need of assistance who are unable to pay for treatment in a private hospital. These people would go to a county institution, if it were in a more central location. The question of water, gas and electricity is most vital and should be taken into consideration. He told how the physicians are handicapped in their work at the present hospital on account of the lack of electricity and gas.

In reply to a question from Supervisor Hickey as to whether the physicians of the county would be willing to volunteer their services at the county hospital if the institution were in a more central location, Dr. Baker replied that it seemed reasonable to expect that they would.

After further discussion in the matter, it was ordered, on motion of Hickey, seconded by Brown, that the advisory committee be requested to render a report as soon as possible, giving its choice of a site for the new hospital from those that had been received.

IMPROVEMENT BONDS TO BE VOTED ON

City Engineer C. L. Dimmitt submitted his estimate to the city trustees Monday night showing the cost of the several municipal improvements that are to be carried out this year through a bond issue. The proposition of voting on the bonds for the improvements was made at a meeting in May, the exact date not having been determined. The contemplated improvements include the following:

Concrete bridges on Webster, Washington, Maple, Elberta streets, Oak and Roosevelt avenues and Broadway, \$53,000.

Construction of new outfall sewer system along Stambaugh street to Steinberg creek, \$23,000.

Construction of new central fire house, \$25,000.

Improvement of Webster street between Broadway and Main street, including in front of the City Hall, \$5,000.

City Attorney Mansfield informed the board that he would have the preliminary proceedings for the above work ready for the next regular meeting.

Mrs. A. L. Lessnerman and Mrs. O. C. Smith appeared before the board for their endorsement of a plan to construct a swimming pool on the property of the Redwood Harbor company at the water front. The ladies explained that a small creek leading from the main channel afforded an excellent opportunity for carrying out such a project. The creek having been used quite extensively by many persons during the past few years. The plan now is to build a flood gate across the creek to insure sufficient water for swimming at all times and to make other necessary improvements that will make the place more desirable for bathing.

The board gave its hearty endorsement to the project and Mayor Baker appointed a committee, consisting of Trustees Kreiss, Ryan and McNulty, to investigate the proposition and later meet with the ladies interested and assist them in carrying out their plans.

The board opened the following bids for constructing sewers on Davis street:

Dreyfus Bros., Redwood, \$1562.63.

C. E. Cowden, San Francisco, \$1592.35.

A resolution awarding the contract to Dreyfus Bros., they being the lowest bidder, was adopted on motion of Trustee Kreiss, seconded by Trustee Ryan.

Former Trustee H. C. Tuckson appeared before the board and asked permission to remove several trees in front of his residence on Arch street. He explained that the trees had grown so large that the roots were commencing to damage the sidewalk. The trustees granted the request.

J. S. McKeever appeared before the board and made a request that some action be taken to have the street work completed on Hudson between Brewster and James street in Redwood Highlands. McKeever stated that the Redwood Highlands Company had promised several years ago to do this work but never carried out their agreement. The matter was referred to City Attorney Mansfield to take up with the owners of the tract.

The board, on motion of Trustee Ryan, seconded by Trustee McNulty, instructed the city engineer to prepare an estimate of the cost of constructing a sewer on Hudson street between the southern end of the town from the tethis kaast so I SHIRDLU State highway to the Southern Pacific railroad track and also on Hancock street between Willow and Charter streets.

Valentine Pease was appointed poundmaster for the city, on motion of Trustee Ryan, seconded by Trustee McNulty, his salary to be \$20 a month.

City Engineer Dimmitt submitted a report showing the estimate cost of constructing a drainage system on Cassia and Phelps streets to carry off the storm water during the winter months. The report was accepted on motion of Ryan, seconded by Jones, and the city attorney and city engineer were instructed to prepare the necessary proceedings for carrying on this work.

Trustee Ryan called attention to the old clothing and salvage drive that the local Red Cross is to conduct next week in the whole country view of the fact that the organization will use anything in the way of salvage that the city might combine the clean-up week, which is held annually, with the Red Cross drive and give the people an opportunity of getting rid of articles of no use to them, but which would be greatly appreciated by the Red Cross.

The board decided that hereafter notices will be sent out to delinquent water consumers on the first of every month, with instructions that unless the bill is paid on

or before the 25th the water will be shut off. The notices will be sent out by the city clerk.

Street Superintendent E. Dearborn called the board's attention to the practice of laying some of the electric company in laying some of its mains inside of the sidewalk curbs. He suggested that it would be more practical if the mains were all laid on the street, on the side opposite to which the water mains are laid. The board, after discussion, took this view of the matter and on motion of Trustee McNulty, seconded by Trustee Jones, directed City Clerk Price to write the Pacific Gas and Electric company accordingly.

Mrs. Mary Cornelia Paul, wife of Richard Paul and mother of Lester Mabel and Frank Paul, passed away at her home in this city Sunday morning after a long illness.

Her death was not unexpected it came as a great shock to her family as she had apparently been gaining health lately. Mrs. Paul was a native of Missouri and was fifty-three years of age. She was a devoted wife and mother and when her only son was in the army she lived to see her son, Lester, who is now in Germany with the American Expeditionary Force.

The funeral service was held at the Congregational church and besides a large circle of close friends the women of the Woodcraft and the Relief Corps were present to do honor to their departed sister.

The interment was in Oak Hill cemetery, San Jose, and at the grave the Rev. C. H. Stevens, her pastor, read the burial service. Mrs. Paul and her family have the sympathy of all of the residents of this city in their great sorrow for if ever there was a good Christian woman Mrs. Paul was one.

JOHN P. WELLER HOME WAS SOLD THIS WEEK

The attractive home on El Camino Real, of John P. Weller, manager of the Bank of Italy, was sold this week to Alfred Pack, signal maintainer for the Southern Pacific company of this place. Mr. Weller contemplates the erection of a more elaborate home in the Highlands in the near future.

THE WOMAN'S CLUB ENJOYS APPROPRIATE ADDRESS

The address given by Mrs. H. E. Van Dine, of the Woman's Club, Thursday afternoon on the Y. W. C. A., was informing and inspiring; inspiring because it told of real and efficient work done. She stated that the Woman's Club was not a member of the organization, but had become an enthusiastic advocate of it through coming in contact with the work done by it while she was herself engaged in war activities in different parts of the country. She cited two diverse cases where the "Y" had very materially aided the government in allaying prejudices among foreign colonies, during the war. It is also during the war that the Russian war refugees are a colony of Russians who, because of certain religious sentiments, were in arms when they were called upon to register. Ladies who understood the Russian language were needed in the work and worked among them until all opposition was overcome. In Nebraska there are large numbers of Germans who were very outspoken in their belief of Germany and were doing much harm in stirring up opposition to the government's war work. Here also women from the "Y" were able to so adjust matters as to avert the threatening danger. Another large and important war work accomplished by the Association was in the Hostess Houses. This work was especially valuable in the camps where the influenza was deadly. To these houses the mothers, sisters and lady friends of the sick and dying found a welcome and needed comfort in their sorrow. If this work of the Association was needed during the war, it is also needed during the reconstruction. Here in Redwood, the Girls' Center attended to this work. Now a change seems necessary. The Y. W. C. A. is offering to come in and do this work, in a town and country organization. The work will thus be left up to and assisted by a national organization of great strength and permanency.

It was brought out in the meeting that no camp in the whole country attained so high a standard for moral rectitude and a clean life among the soldiers as did Camp Fremont. The prevailing sentiment among those who attended this meeting was that a Y. W. C. A. should be organized in Redwood. An important meeting will be held at the Girl's Center next Wednesday to further advance the organization. A drive is contemplated, in the near future, for funds for this work. It is thought that no difficulty will be experienced in securing all that will be required for the year's work.

THE WEEK'S EVENTS IN LOCAL CIRCLES

Meyer Cohn, formerly a newboy on the coast division, was in town Tuesday calling on friends. He was on his way to La Honda where he recently purchased a ranch of 50 acres. Mr. Cohn made a successful newboy and will be a successful farmer.

Mrs. James Robinson has been entertaining visitors from the south—Mrs. and Mrs. William Hickey of Santa Barbara, who left for their home several days ago. They are family connections of Mrs. Robinson and were entertained by the latter's daughter, Mrs. Hickey, who is at Redwood City during their stay.

Mrs. Harriett E. Chapman, wife of Frank Chapman of this city, passed away at her home here last Saturday following a short illness. The deceased was a native of Lawrence, Kansas. Mrs. Chapman in her girlhood was the belle of Napa. The Chapmans have resided in Redwood City for the past twelve years.

Sergeant Eric Thompson expects to be mustered out of the service before the first of the month. He will come to Redwood City with his wife to live. The sergeant left here in October, 1917, for Camp Lewis and ever since that time has been attached to the field auditor's office of the camp. Mr. Thompson made every effort to go across to the battle front but failed.

M. Onita of this city has purchased the F. C. Bomberg property on Franklin street and has already taken possession of the cottage. Mr. Onita is a hard worker and has accumulated considerable money in his washing windows and doing janitor work.

Mrs. T. F. Burke and her pretty daughters, Miss Mary Burke and Miss Martha Burke, of San Francisco are the week-end guests of Mr. and Mrs. D. R. Stafford of this city.

Trout season opens on April first. From reports brought in from La Honda, Pescadero and other places the season will be the best in many years. The streams of the county are all well stocked with trout. Huil Brothers is the place to secure hooks, tackle and bait in the form of prepared salmon eggs. Fishing licenses may also be secured there.

Mrs. J. R. Shields, who was injured some weeks ago at San Carlos is recovering nicely. The chief surgeon of the Southern Pacific company, Dr. Alsworth says Mrs. Shields will be able to leave the railroad hospital in San Francisco in about six weeks.

The Red Cross drive for old clothing will be made next week. A collector will visit every home in Redwood City Chapter is obligated to send one ton of old clothes, shoes, etc. to headquarters to be forwarded to the United States. Judge Griffin on Monday united in marriage Fern E. Burchnell, a soldier at Camp Fremont and Annie Schultz, residing on Phelps street, Redwood City. The Burchnells will make their home in this city.

Sheriff Sheehan and his office force are running down every clue that has the slightest bearing on the murder of Elizabeth Reed whose body was found in a lonely canyon near Crystal Springs Lake. Mr. Sheehan is a hard worker and has been working night and day on the case.

Auditor J. J. Shields moved into his new home on Fulton street, Redwood Highlands on Thursday. Mr. Shields recently purchased the attractive home of Alfred Pack consisting of a modern bungalow and improved grounds and garage. The sale was made through W. J. Munday. Mr. Shields for a number of years resided on Cassia street.

SEQUOIA CHAPTER, O. E. S. HOLD BANNER MEETING

Sequoia Chapter, No. 203, O. E. S. held a banner meeting last Monday night. Not only were the local members present but visitors from Burlingame, San Mateo, Palo Alto and Mountain View helped to make the affair one long to be remembered. The menu of the order entertained the lady folks and corned beef, cabbage and boiled potatoes were the piece de resistance. There were many other things in the nature of trimmings and garnishments and as the hour of going to the table was 7 o'clock great havoc was wrought in the carefully prepared meal. Mark Ryan and George Chittick were the chefs in charge and gave the proper account of their stewardship. After dinner the lodge meeting was held in song, story and games was enjoyed. Then followed refreshments consisting of potato cake, cream cake and every other kind of cake present. There were just 125 present and they all had pleasant dreams.

SALVATION ARMY CAMPAIGN STARTS HERE TOMORROW

The Home Service Campaign of the Salvation Army in which that organization hopes to raise the sum of \$822,000 for Home Service work, takes place in the week of March 24-31.

The Salvation Army did wonderful work in the trenches of France and the boys who are returning from "over there" are universal in their praise of the work of the Salvation Army ladies who risked their lives to bring coffee and doughnuts to the weary soldiers in the trenches. The Salvation Army made good in France and now it is at home to serve and is asking the support and financial assistance of the people of California.

The California State Committee which is headed by Mr. John L. McNab, has asked the Elks Lodge of San Mateo to conduct the campaign in San Mateo county, and Exalted Ruler Lee T. Ross appointed committees of Elks to act throughout the various parts of the county. The committee in charge in Redwood City is headed by A. D. Walsh, Guy P. Hull, John P. Fox, J. F. Johnston, Horace Gardiner, W. H. Barg, J. C. Dickey, Geo. Stafford, Robt. Fox.

Precincts 3 and 4—South of Maple, east of County Road—Carl Muller, T. C. Rice, A. S. Lissouri, J. B. Perry.

Precincts 5, 6 and 7—South of Vera avenue, west of County Road—D. P. Flynn, R. F. Chittick, Z. T. Thorning, W. P. Gray, Henry Beezer.

Precincts 7 and 8—Redwood Highlands and Wellesley Park—F. K. Towne, J. P. Weller, A. E. Monteth, Louis Winkler, C. G. Lambert, Cyrus Young, E. J. Arkush.

Precinct 10—South and east of Washington, north of Maple—A. D. Walsh, Guy P. Hull, John P. Fox, Court house—P. P. Chamberlain, Franklin Swart.

These well-known citizens of our town will in turn obtain the assistance of other Elks and other residents of our community, and will also enlist the support of the ladies.

The Salvation Army is certainly a deserving organization and it is hoped that the people of Redwood City will rally to its support and show it that they appreciate the wonderful work it did and the assistance it rendered our boys in France during the great war.

J. L. ROSS, President P. P. CHAMBERLAIN, Vice-Pres.

AN OLD LAND-MARK TO BE REMOVED

A local firm in Redwood City has leased the old Hanly property adjoining the Peninsula Garage on which stands the old Hanly residence erected in the latter fifties. It is an ancient land mark that will soon be removed to make way for a more modern structure. Around it clusters hallowed memories of the distant past. Old-timers of the county will regret to learn of its contemplated destruction.

The ancient relic has defied the elements for over a half century, but it soon must succumb to things modern. Its usefulness has passed and in a short time it will only live in memory.

Along in 1858 it served as a school house and was among the first school buildings erected in the county. It stood where the Southern Pacific passenger depot now stands. When the company built its tracks down the peninsula in the early sixties the building was in the way and it was removed to its present location on property then owned by a man named Maxwell. It was afterwards purchased by John Hanly and he and his family occupied it for nearly a half century. The teacher at that time was Mrs. Wright.

There was another school at that time on the corner of Whipple road and El Camino Real and it was preceded, over by Curtis Baird. Both these teachers have long since joined the silent majority in the great beyond as have many of their pupils. John F. Ford of Redwood City and P. H. McEvoy of Menlo Park attended the school in those bygone days and they are the only ones now residing in the county to relate the happy incidents of that early date.

The following pupils attended the school in 1859:

The three Angelo Sisters of San Mateo, John Donald, San Mateo and the following from Redwood City: George Littlejohn, Fred Littlejohn, Joe Hancock, Edward Woodhead, Herman Finger, Henry Finger, John Costigan, Charles Underwood, Ida Underwood, Ellen Leahy, Peter Doyle, Annie Doyle, Mary Jane McCloud, Sarah McCloud, George Tyler, Tom Beck, Mary Beck, P. H. McEvoy, Fannie McEvoy, Irene McEvoy, Lizzy Ayres and Charles Ayres.

GEO. H. IRVING ENLARGING OFFICE ON THE HIGHWAY

An addition of several rooms is being built to the office of the Geo. H. Irving company on El Camino Real and Broadway. The building will be shortly occupied by J. W. Munday, local agent for the company. He desires to occupy the structure in order to give the patrons of the concern a better service. Mr. Munday's beautiful home on 153 Hudson street is for rent.

SHALL THE MONROE DOCTRINE WALK THE PLANK?

The Republican Publicity Association, through its President, Hon. Jonathan Bourne, Jr., today gave out the following statement from its Washington Headquarters:

"Opponents of the league of nations have claimed from the first that the adoption of the new constitution would sound the death knell of the Monroe Doctrine. Mr. Taft and his co-laborers have taken the position that the league merely extends the Doctrine to all the world, and that the United States would continue under its protection precisely, as heretofore. But in the face of the denunciations of the league in the Senate and the tremendous tide of popular indignation that is rising against it even Mr. Taft is weakening, and now has publicly admitted that the league's constitution 'should be made more definite by a larger reservation of the Monroe Doctrine.' 'The British know full well that the adoption of the league means the elimination of the Doctrine. The London Daily Express speaks the public mind in England when it says, 'As to the Monroe Doctrine, that is of course in direct conflict with the idea and ideal of the League of Nations, and there, for the moment, we leave them both.' 'At the famous White House dinner to the foreign affairs committee of Congress Senator Brandegee is reported to have asked the President what would happen if for instance, Brazil should decide to return to a monarchial form of government and become once more a part of the Portuguese Empire by inviting a prince of Portugal to become its ruler. Mr. Wilson is said to have replied that such a situation would be 'most distressing.' 'After admitting that the constitution should make specific mention of the Monroe Doctrine Mr. Taft gives a most startling opinion of the attitude we may expect Europe to assume toward matters of the Western Hemisphere. 'We may be sure,' says he, 'they (the nations of Europe) are entirely willing to leave to the United States and other American nations the policing of the Western Hemisphere until such time as an American power shall seek the assistance of European powers to meet emergencies on this side of the ocean.' Are we to believe that Mr. Taft seriously advocates the adoption of the revolutionary policy to which he gives expression? Intervention in western quarrels is exactly what the Monroe Doctrine was designed to prevent, and yet Mr. Taft in effect, tells us that if called upon to do so by any American Republic, Europe, through the league of nations, presumably, will intervene. 'If this astounding doctrine had been in existence when Panama established her independence what would happen if Colombia had complained to the league that the United States was giving undue assistance to the Panama revolution? It is easily conceivable that war between this country and England would have resulted, and the Panama Canal would still be a dream. There was recently a serious dispute between Peru and Chile. Would America, under the Monroe Doctrine have permitted the intervention of European nations in that quarrel? Most assuredly not, but under the Taft policy Europe could have been called into the controversy upon the appeal of either of the nations affected. What a nation-wide protest would have gone up if Mexico had asked Europe to aid her in repelling the Pershing expedition of two years ago. 'If Mr. Taft thinks the American people will be satisfied with the league providing it contains a reservation of the Monroe Doctrine, and in the next paragraph permits European interference in American affairs if requested by one of the parties to an American quarrel, he is mistaken. We might as well abolish the Doctrine in its entirety as to leave such a loophole in it."

DEFAULTING CASHIER IS AGENT FOR THE BANK

The District Court of Appeal, First Appellate District, Second Division, has decided that the National Bank of San Mateo must suffer the loss of \$3000 taken from the bank's funds by W. M. Roberts, its defaulting cashier. The bank sought to hold its customer for the loss. Leslie D. Whitney was about to go to a hospital for an operation, and left with the cashier of the bank a signed note with the amount in blank, with instructions to fill in the amount upon order from his brother, Roberts. The bank sought to hold Whitney for this loss. The case was tried before Superior Court Judge Buck, at Redwood City, who decided against the bank. This decision has been affirmed, with the opinion by Justice Haven, concurred in by President Justice Langdon and Justice Brittain. This opinion holds that Roberts acted as the agent of the bank and not as the agent of Whitney in appropriating from the bank the amount represented by the note.

MRS SARAH THATCHER DIES AT HOPLAND

Mrs. Sarah Thatcher, widow of the late W. W. Thatcher, merchant of Hopland, died Monday morning at her home in that city. She was a pioneer resident and prominent in social activities for nearly half a century. She leaves three daughters, Mrs. John W. Kemp, Mrs. William R. Hill, both of Los Angeles; Mrs. Mason F. Prosser of Honolulu and two sons, A. J. Thatcher of Eureka and Evan Thatcher of Hopland. She was the mother of A. J. Thatcher who was principal of the Redwood City grammar school nearly 20 years ago. He was afterwards admitted to the bar here and is now a prominent attorney at Eureka. The deceased was well-known here.

LOCAL GIRL MAKING SUCCESS AT FANCY DANCING IN S. F.

Miss Genevieve Sausset, who resides with her parents on Roosevelt avenue and a juffor at the high school, is making a success as a fancy dancer in San Francisco. She is appearing at the Wigwam and Princess theatres. "The dance of the hours" is her latest creation which is making a decided hit. The young lady appears in a costume of delicate pale green and silver which is effective. The girl displays great talent in this dance which is attracting the attention of instructors and others who have great faith in her talent. She no doubt will become a star on the stage and will, one day reach the highest pinnacle on the ladder of fame. Some day Redwood City will be proud of this little girl. Her talents and achievements will attract the world. She is but 17 and has only taken a few lessons in dancing, yet she is an expert and promises to be a leader in her profession.

SAN MATEO GIRL WILL SOON ENTER SISTERHOOD

Mrs. J. B. Flavey, of San Mateo, has gone to Los Angeles to attend the ceremony at St. Joseph's convent where her daughter, Miss Gertrude Flavey, will be received into the order on March 19th. The ceremony is a beautiful one, being a marriage, as it were, to the church; and the young woman who is pledging her life to the carrying on of the work of the order, first enters gowning as a bride, later changing her white robe for the habit. Mrs. Flavey has another daughter in the same order, Sister Mary Laureline (Marie Flavey). The Sisters of St. Joseph have a convent school in Los Angeles, a hospital at Tucson, Ariz., and a Deaf and Dumb Institution in Oakland. Both of the daughters of the Flaveys will be teachers at the Los Angeles convent. Besides the two daughters of the family who have given themselves to the church, there is a son, Father Robert Flavey, now at St. Leo's in Oakland, Mark and Arthur, at the Jesuits' Sacred Heart Novitiate in Los Gatos, and Norbert at St. Patrick's Seminary in Menlo, all studying for the priesthood. One son, Ed. Flavey, has just returned from overseas duty, and another, Charles, has been honorably discharged from the service.

W. J. KIDD WILL FILED

The last will and testament of William J. Kidd was filed for probate in the county clerk's office yesterday. Mr. Kidd died at Burlingame on February 2, 1919. He was the well-known accountant. The estate consists of money in bank amounting to \$109 and a one-half undivided interest in a parcel of land at Burlingame valued at \$2000. By the terms of the will the widow, Mrs. Mary Haywood Kidd is bequeathed all the property with the exception of \$500 which is left to the father of the deceased, but he passed away after the will was executed.

Men's Health Remarkable

As to the men at the station, the health record was something remarkable. Of course there was an infirmity, but the cases handled were almost entirely results of minor accidents. Not a case of typhoid was reported and only one of influenza. That one was contracted elsewhere. Officers of the station attribute this splendid condition of healthfulness to the model system of sanitation and drainage provided. The record speaks for itself. So if anyone is at all interested in the subject a visit to the station at the present time will prove to be an exceedingly educational and profitable experience.

The Modern Housewife Knows That Electrical Devices do Away with Drudgery

Convenient electrical receptacles should be in every room. All of these appliances can be operated from baseboard receptacles or outlets. These outlets make any appliance instantly available in any room or any place in the room. Lamp sockets should not be depended upon to operate appliances. The base plug eliminates all the inconvenience and gives far greater service, as the current comes from the plug designed for this purpose instead of a lighting socket. They can be installed in homes now built. The wiring can be done cheaply and will not mar the walls, woodwork or decorations. Visit an electrical store and see these appliances in operation.

JUDGMENT OF \$15,000 HANDED DOWN BY HIGHER COURT

In a decision handed down March 18 by the District Court of Appeal, First District, Division One, the judgment of \$15,000 awarded Kenneth M. Green, San Mateo attorney, against the Southern Pacific Railroad Company, for injuries suffered by Green, was affirmed. The injuries, which Green alleged were the result of negligence on the part of the company in keeping its tracks in the station grounds of the Southern Pacific Company in South San Francisco in a dangerous condition, occurred on January 14, 1913. Green, Southern Pacific Railroad Company, fell partly over the Southern Pacific tracks, and was run over by the train. The tracks were paved and the rails extended above the ground four or five inches. As a result of the accident, his arm was amputated. He suffered other injuries. The night of the occurrence was dark and stormy.

He sued the Southern Pacific Railroad Company in Judge Huk's court in San Mateo county and was awarded judgment of \$15,000. He had argued for more than that, about \$30,000.

The defendant company in opposing the claim, asserted that Green was a mere licensee if not a trespasser on their tracks and that they owed him no duty of care. They also claimed that he had assumed the risk when he elected on a dark night to hurry across the S. P. and the defendant company's tracks to catch the train. The appellate court decided against the defendant and appellant on both these points and held that the defendant owed the plaintiff as a prospective passenger of the Southern Pacific in the latter station grounds the same duty of care for his safety as did the Southern Pacific.

The opinion was written by President Justice William H. Waste, and concurred in by Justices Kerrigan and Richards.

J. J. Bullocks appeared at the trial on the case for Green and through his efforts won the big judgment for his client. Attorney Cannon, one of the ablest lawyers in San Francisco, represented the railroad company. The judgment draws interest at the rate of seven per cent annum from the date of the decision so that the judgment will amount to nearly \$18,000.

SHALL THE CHILDREN STAY IN SCHOOL?

(Contributed by the San Mateo County Conference of Social Agencies)

One of the reconstruction efforts is the "Back to School" and "Stay in School" movements. Children who left school to go to work during the emergency are being urged to return to their studies and children who are eager to leave school as soon as the law allows are urged to stay in school.

The appeal is made to the children and their parents that a better education means in a few years better jobs. The difference between a position with a future and a larger capacity for living and a life of unskilled labor with low pay.

There is a proportion of worthless parents in every community who liberally put their children to work as soon as the law permits. The California law allows children to leave school to work at the age of 15. It is the duty of all persons who may know of children below this age who are working and who are not being sent to school to report such parents to the authorities.

PESCADERO NOTES

Mrs. Ida Rainey is visiting friends in Redwood City. She motored over to the county seat on Wednesday.

A number of railroad surveyors accompanied by Mr. Middleton have been here all week. They will not disclose the purpose of the survey or by whom they are employed. They were last seen laying the lines in the direction of the Ocean Shore people are contemplating the construction of a line to Pescadero. Others think it is just possible that the Southern Pacific company contemplates extension of their line from Felton to Pescadero and from here a right-of-way may be secured for the city. At all events Pescadero is soon to have a railroad.

Mrs. Annie I. Caughey, widow of the late James Caughey, passed away at her home here on Saturday last following an illness of about a week. Pneumonia was the cause of death. The deceased was a native of New York, aged 50 years. She had been a resident of Pescadero for a number of years and was universally respected. She leaves many friends to mourn her. The funeral took place on Wednesday. The deceased left a comfortable estate.

Antone Amaral, brother of Joe Amaral, died at the Red Cross hospital in San Mateo last week of double pneumonia. He came here from the east recently to visit his brother.

Local ice wagons are busy repairing their rods and reels for the fishing season that opens next month. Owing to the heavy rains all the streams here are filled with speckled beauties.

WOODSIDE NOTES

Peter Mathiesen received a letter from the U. S. Government during the week stating that his son, Arthur C. Mathiesen, was slightly gassed on October 3, 1918 and was only a short time in the hospital. He is now located with the army of occupation at the border of France. Young Mathiesen was nine days in the Argonne battle and was at the battle front when the order came to cease firing on November 11.

HALFMOON NOTES

A real genuine Southern possum was killed on the main business street at Halfmoon Bay Wednesday evening by a few of our townsmen. This is the first possum ever seen by some of our people, but the verdict is that it was a real one. That's those that knew the real article. It was cooked Southern style by the well known chef, Wm. Mesner, and that partook of the animal say that it was better than sucking pig.

J. J. Higgins has returned to town after a month's visit at Palo Alto with his daughter, Mrs. Fred Riccomi.

On Friday, April 25th, the Ladies' Aid of the Methodist Episcopal Church of Halfmoon Bay will give a bazaar in Cunha Hall, afternoon and evening. In the afternoon, various tables, heavy with all the pretty things women love—dainty fancy work, crocheting, even plain practical household aprons, dust caps, and countless other things, together with tables loaded with goodies to tempt

the appetite, will be displayed, and ready to sell. For the little tots there will be fish ponds, the delight of the child to see what he can fish from a pond without water, and a candy booth of homemade candies. Beginning about 5:30 a supper will be served of the best dishes imaginable, and these ladies are wonderful cooks. At 8 p. m. an entertainment will take place—two delightful playlets gotten up by the young folks.

Soil to the depth of more than a foot was washed from the farm of Mr. Kato on the Butano creek near Pescadero by the recent storm. He had just finished seeding this to peas and beans, and his loss was severe.

The sad news has been received that Roderick MacDonald, who enlisted in the Engineers' Corps, and who was the son of Mr. and Mrs. R. MacDonald of Salada Beach, has died in France of pneumonia. MacDonald was home and favorably known in Salada and surrounding towns, and the news of his death came as a great shock to his many friends, and particularly to his parents, who are stricken with grief over the unexpected news.

SALVATION ARMY

WORK EXPLAINED

BY ELKS LEADER

When the Elks gave their promise to help the Salvation Army in its drive for home service funds it took into consideration what the organization had done for Elks in the war zone, then it looked closer at what we learned. If the people knew the story, they would be helping and we want them to know.

Harry M. Ticknor, president of the California Elks association, who is touring the state in the interest of the campaign which takes place the week of March 24.

"We learned that babies and older children were being cared for by the Salvationists at Lytton; that erring girls were given motherly care and attention at rescue homes and maternity hospitals in Los Angeles and San Francisco; that old men, down and out, were being helped to get back on their feet; that industrial homes in San Francisco, Los Angeles, Oakland and other cities in the state; that in thirty-three centers in this state the army maintains a corps of workers who responded to calls for relief at the hour of the day or night; that wherever distress, hunger and suffering existed Salvation Army workers were at hand.

"That is why the Elks are helping in this campaign to raise money sufficient to continue and maintain this work; that is why twenty-seven centers are already organized by the Elks; and that the campaign and other will be that the Elks will co-operate in San Francisco and Los Angeles where more than a half million of the people live in this state will be raised.

"We have been blind to the great work which the Salvationists have been doing. They have plodded the same old path that could be of service. They have helped the poor and the discouraged. Service is their religion and now it is up to the people of the state to show their appreciation for these years of privation and make it possible for these workers to do a larger work to give their entire time to relief and welfare and not to soliciting money. That is the job that we should handle for them. The Elks are doing their share. I am proud of the organization that has a heart big enough to stand by the side of these honest, fearless, self-sacrificing men and women who have brought to make it a million. That's the way the Elks feel about it."—San Mateo News.

LOST

On Thursday, February 13th, from the residence of Mrs. Wm. Stettin, a small, black, Atherton, head wire Fox Terrier, brown, head ears, answers to name, Pettie, child's pet, was run over and was paid for return to above address. W. W. Stettin.

MENLO PARK NEWS OF ALL SORTS

Doings at Peninsula Garden Spot As Told in Breezy Style By Our Reporters

David Roche, young son of David Roche of Menlo Park, arrived in New York last week from overseas and is now located at Camp Morrison, Virginia. Young Roche went to the battlefront last August with the Fifty-Third Engineers who had charge of the trenching system at the front line trenches.

The selection of a site for the Ford factory has settled down between Menlo Park and Los Angeles with the former place as the favorite. It is in the lead and may win the goal. Mr. Ford favors this place but in as much as his winter home is at Pasadena he hesitates to make a prompt selection. Several influential men here are in touch with Ford and are using every argument and influence to bring the enterprise here. Should it be located in Menlo Park over 20,000 men will be employed at wages exceeding \$6 a day.

Mission will take place in the Church of the Nativity beginning April 6. It will be given by Father Welch, a noted Paulist orator who has been given missions all over the country for many years.

The storm left a baby boy at the Palm Hotel on St. Patrick's day for Mr. and Mrs. John Doyle. It is more than likely the little fellow will be named after Ireland's great patron saint. The new arrival in the famous hospital is a baby of four—two boys and two girls.

Nearly 300 invalid soldiers left the base hospital on Wednesday for Camp Kearney. Mrs. Sig Stern and other ladies who have taken an interest in the wounded soldiers had provided a band of 25 pieces to regale the soldiers before they departed for the south. Each man was given a comfort bag before he left. About 200 soldiers still remain at the institution.

Samuel M. Shortridge, J. has entered the Hastings College of the law in San Francisco for a four-year course to prepare himself in the profession in which his father has become famous. Young Shortridge will also enter his father's office to get the practical part of the law. He possesses, to a great degree, the oratorical ability of his father. He is certain to be a success in the profession.

Mr. Shortridge's father has given him every advantage and is naturally proud of him.

Mr. and Mrs. Talbot Walker closed their Menlo Park home last Saturday and left for Santa Barbara, where they are established in the Cameron Rogers residence for several months. They are planning to make their home in Santa Barbara and may decide to build a place at Montecito. The Menlo Park place, which was a wedding gift from Mr. and Mrs. Cyrus Walker, will be sold.

James Ward Kenney and Miss Helen Kenney will pass the early summer in Santa Barbara.

The last public auction sale of animals to be held at the county depot, Camp Fremont, Calif., will commence March 27, 1919, and continue daily from ten A. M. to four P. M.

THE SAN MATEO LEADER HAS A NEW EDITOR

Last Saturday, March 15, 1919, a baby boy was born to Mr. and Mrs. John D. Bromfield of San Mateo. The proud father is going to train the boy to be an editor and he will one day relieve his parent of the heavy work of editing the News-Leader.

P. M.; the sale closing on the 29th. Five hundred animals of all types will be sold to the highest bidder. These animals are in the best of condition, and each purchaser will be given a certificate showing that they have been mallein tested and that they are free from contagious or infectious diseases or ticks. A halter will be fastened on each animal.

Harry B. Morey, Sr., has just received a souvenir from France from his friend, Joseph Darcey who has been overseas for some months. The souvenir consists of a match box made from a captured German aeroplane. Young Darcey has also sent a similar souvenir to his father at San Mateo.

C. A. Brady has been appointed local agent for the Ford automobile. His territory extends from Atherton to Mountain View, with headquarters at the Fuller Garage, Palo Alto. Mr. Brady is a hustler and is certain to make a success of the agency.

One of the Argonne heroes from overseas recently. Mr. Costa resides at Ravenswood and went to Camp Lewis at the commencement of the war, later going over to France. He participated in the Verdun drive and was wounded at the battle of the Meuse. He received two wounds at Verdun that confined him to a hospital for several weeks. Mr. Costa is a successful farmer and is glad to get back to the farm. He certainly did his duty to his country.
